ADIL MUHAMMED K M

Data Analyst | Business Intelligence & Analytics

Riyadh, Saudi Arabia • Transferable Iqama
0599013507 • adilmuhammedkm@gmail.com
LinkedIn • GitHub

PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering graduate with hands-on experience building end-to-end data analytics solutions using Python, SQL, Power BI, and Tableau. Delivered projects spanning retail analytics on 400K+ records, churn and sales forecasting, and predictive modelling. Holds a transferable visa, immediately available in Riyadh. Seeking an entry-level Data Analyst / Business Analyst role in Saudi Arabia's growing data and technology market.

SKILLS

Data Analysis: Exploratory Data Analysis (EDA), Data Cleaning, Data Wrangling, Statistical Analysis, Data Validation, ETL, Trend Analysis.
Data Visualisation: Power BI, Matplotlib, Seaborn, Dashboard Development, KPI Reporting, Data Storytelling.
Machine Learning: Scikit-learn, Feature Engineering, Classification, Model Evaluation, Cross-Validation.
Business Analytics: Customer Segmentation, Churn Analysis, Revenue Analysis, Forecasting, Predictive Analytics.
Programming: Python (Pandas, Scikit-learn, Matplotlib, Seaborn), JavaScript, HTML/CSS, SQL
Databases & Tools: MySQL Workbench, Microsoft Excel, Jupyter Notebook, Git/GitHub
Soft Skills: Critical Thinking, Problem-Solving, Communication, Cross-functional Collaboration

PROJECTS

Silent Burnout AI *May 2026*
Python, Machine Learning, Scikit-learn, Streamlit, Pandas, NumPy | github.com/adilmuhammedkm/Silent-Burnout-AI

- Built an end-to-end machine learning system using academic performance and behavioural data to identify early signs of student disengagement and potential dropout risk, achieving 81.83% test accuracy using Gradient Boosting.
- Developed an interactive Streamlit application featuring three-level risk classification (Low, Moderate, High), prediction confidence, risk probability visualisation, and student engagement profiling to support early academic intervention.

Retail Business Intelligence & Analytics System *January 2026*
Python, SQL, Power BI, Churn Analysis | github.com/adilmuhammedkm/Retail-Business-Intelligence

- Built an end-to-end retail analytics solution on a 400K+ row dataset using Python and SQL, covering data cleaning, analysis, and validation.
- Developed Power BI dashboards with forecasting and churn analysis, surfacing insights on £8.83M revenue, customer behaviour, and sales trends for business decision-making.

Sales and Profit Dashboard *January 2025*
Microsoft Power BI, MS Excel, Data Visualization | github.com/adilmuhammedkm/ Data-Analysis-Portfolio

- Created an interactive dashboard with stacked column, bar, donut, and pie charts to track revenue and profit performance.
- Incorporated advanced Power BI features — slicers, Q&A, key influencers, and decomposition tree — for deeper, self-serve data analysis.

AtliQ Sales Insights Dashboard *November 2024*
Tableau, MySQL Workbench, SQL, Data Visualization | github.com/adilmuhammedkm/ Data-Analysis-Portfolio

- Designed a Tableau dashboard for AtliQ displaying sales trends, top products, and customer demographics.
- Connected MySQL Workbench for real-time data extraction, enabling faster and more accurate business insights.

CERTIFICATIONS

- upGrad Course Completion Certificate LPU (upGrad, 2022-2026)
- Google Data Analytics Professional Certificate (Google, 2026)
- Preparing Data for Analysis with Microsoft Excel (Microsoft, 2026)
- SQL for Data Science (Great Learning, 2023)
- Getting Started with AI and Machine Learning (LinkedIn Learning, 2023)

EDUCATION

Lovely Professional University, Punjab, India *Aug 2022 – May 2026*
Bachelor of Technology — Computer Science and Engineering

National Higher Secondary School, Kerala, India *Apr 2020 – Mar 2022*
Intermediate (DHSE) — 81%

S N Vidya Bhavan, Kerala, India *Apr 2018 – Mar 2020*
Matriculation (CBSE) — 87.5%
